WHAT IS A QUILT CAMP? If you have never attended, you may have no idea what we are talking about. It is designed to provide space to spread out for two days, without interruption from family members, household duties or anything else that gets in your way of productive sewing time. You may come with projects you need to complete or bring new projects you want to start. The only thing we don't do at this camp is spend the night.

If you need help in certain areas or some advice to spur you on in the right direction, this is the place to be. You may simply want to be left alone to do your own thing and that is OK too. Lunch and dinner are provided Friday and Saturday. **Note: The class room has been reserved on Thursday, March 28 and Thursday, May 30 so that campers can arrive early, set-up and sew all day if they choose.**

#266236

Before we had sewing machines, we just used a needle & thread. While I don't plan to ditch my sewing machine, I do still love to hand piece. It's quiet. It's portable. It allows wandering thoughts. It encourages conversation. It's so very relaxing. Come learn a few basics with the classic nine-patch block. You'll learn how to piece straight seams and match points. Trust me, it's much easier to match points using a needle & thread than it is with a sewing machine. Hope to see you!

There should also be time to make the binding of your choice for your next quilting project. Hope to see you!

#266251

What's the first part of a much-used quilt to wear out? The binding, of course! While hand finished bindings are lovely and a must for heirlooms and quilt shows, they aren't very practical for utility quilts and quilts for kids. I can bind a queen size quilt in about 2 hours and so can you! Come learn my techniques and soon you'll have professional-looking and durable bindings in a fraction of the time it takes to hand stitch one. This class is the perfect follow up to Basic Quiltmaking.
