3rd Times the Charm- appliquéd hearts
Pre-class preparation instructions

Prepare hearts for appliqué- trace 24 of the heart pattern on the paper side of the soft fuse. Keep the hearts close together when you trace or you will run out of soft fuse. Leave about ½” between hearts. They can be turned in any direction to fit closer together. Cut around the hearts, but DO NOT cut on the traced line. Cut about ¼” or so outside the line. Place paper side up on the WRONG side of the heart fabric. Press with an iron for 3-4 seconds.

Cut out on the traced line. Make 4 hearts of each of the 6 heart fabrics for a total of 24 hearts. This is something the kids can do so just give them instructions, help with the iron, and let them prepare the hearts themselves. Place in a file folder to keep them flat and bring to class. Do not remove the paper.

There will be a short instructional session on Monday, July 25 at 9:30am if you need help. You may call Sandy if you can't attend the class and need more information. This is not a difficult thing to do.

If you download the heart pattern, be sure it prints at 100% Some printers do not print at 100% size unless you tell it to. The heart should measure approximately 9” from top to bottom.

Cutting the fabric

Heart background fabric- cut (24) 9 ½” squares

Plain block fabric- cut (24) 9 ½” squares

We will be happy to cut your fabric for a \$5 fee. We will need the fabric at least 1 week before class. Leave your fabric at the shop. Be sure the student's name, your name, a phone number, and the name of the class are on the bag. The fee is paid directly to the teacher. You may pay at the first class or include the fee with the fabric.

If you cut yourself, be sure you cut accurately as a quilter cuts or the pieces will not go together.

Take heart fabric with you if you leave fabric with us to cut.

Bring all fabric to class including any scraps left when cutting fabric.
